

Pediatric Advance Life Support Provider Course

This course is designed for health care professionals whose occupation requires proficiency in the knowledge and skills of pediatric resuscitation. Special emphasis is placed on a review of the roles an individual may have in the management of a cardiopulmonary arrest and special pre-arrest situations. The course consists of two, eight hour classes. To register for the course, a copy of a current BLS card must accompany a print-out of an 80% or greater score on the PALS pre-test. Textbooks required for the class are the PALS Course Guide and the PALS Provider Manual dated 2006 by the American Heart Association. Within the PALS Course Guide is the CD-ROM with the pre-test to complete and print out. This course is being offered for 16 *AMA PRA Category 1 Credit(s)*[™] for physicians, as based on a recent survey of needs.
